

Shake it Sam Hernando, The Rockabilly Bones

Come on baby hold my hand tonight
I'm looking for a little fun
uh baby baby baby hold me tight
I'm ready like a loaded gun

Shake it, shake it, shake it, uhh baby
shake it, shake it, shake it, you drive me crazy
shake it, shake it, shake it, if you want
I have time baby, all night long

You shake my brain and you rob my love
And then you steel my money too
don't blame me, 'cause I can't get enough
your shakin' makes me feel so good

Shake it, shake it, shake it, uhh baby
shake it, shake it, shake it, you drive me crazy
shake it, shake it, shake it, if you want
I have time baby, all night long

Uuuh baby, baby give me a kiss tonight,
you make me feel to have the might
uuuh baby, baby don't you rattle my brain,
because if you do I will drive insane.

Shake it, shake it, shake it, uhh baby
shake it, shake it, shake it, you drive me crazy
shake it, shake it, shake it, if you want
I have time baby, all night long
I have time baby, all night long
