

Backseat boogie Sandro Valente, The Rockabilly Bones

Drivin' round the corner on a Saturday night,
Sittin' next to me my baby's holdin' me tight,
She whispers in my ear that she loves me so,
And that she'll always follows me wherever I go,
She drives me crazy, I feel the heat, I wanna backseat rock'n'roll

Drivin' down the highway headin' for I don't know where,
Sittin' next to me there is the girl I do so care.
Her features in the dimmed light, my blood is turning hot,
The flesh she glanced is asking me do you want me or not?
She drives me crazy, I feel the heat, I wanna backseat rock'n'roll.

I wanna backseat boogie on a Saturday night
I wanna backseat boogie on a Saturday night
I wanna backseat boogie, a backseat boogie
A backseat rock'n'roll

Drivin' to the movies another Saturday night,
Sittin' next to me my baby's holdin' me tight,
The movie on the big screen, her warm breath on my skin
To me my baby is the hottest thing I've ever seen.
She drives me crazy, I feel the heat, I wanna back seat rock'n'roll.

I wanna backseat boogie on a Saturday night
I wanna backseat boogie on a Saturday night
I wanna backseat boogie, a backseat boogie
A backseat rock'n'roll

I wanna backseat boogie on a Saturday night
I wanna backseat boogie on a Saturday night
I wanna backseat boogie, a backseat boogie
A backseat rock'n'roll
