

The Rockabilly Bones boogie Sandro Valente, The Rockabilly Bones

If you ever drive your car right over the hill
Headin' for the city, looking for some thrill
You will hear the sound real rockin' the stones
Join us at the riot, we are The Rockabilly Bones

Come on and dance with the bones
dance with the bones
we're the Rockabilly Bones shakin' all night long
ain't goin' down until the sun comes up

Slap Bone Sam plays the Doghouse bass
He slaps his 4 strings like an ace

Come on and dance with the bones
dance with the bones
we're the Rockabilly Bones shakin' all night long
ain't goin' down until the sun comes up

Steve our drummer is the rhythm king
from dusk til dawn he makes you shake your thing

Come on and dance with the bones
dance with the bones
we're the Rockabilly Bones shakin' all night long
ain't goin' down until the sun comes up

Guillaume with his guitar shapes the rockin' sound
He picks the strings and makes you scream and shout

Come on and dance with the bones
dance with the bones
we're the Rockabilly Bones shakin' all night long
ain't goin' down until the sun comes up

And I am the fellow with the rhythm guitar
Like Hank, Johnny and Eddie I'm gonna be star

Come on and dance with the bones
dance with the bones
we're the Rockabilly Bones shakin' all night long
ain't goin' down until the sun comes up

Come on and dance with the bones
dance with the bones
dance with the bones
dance with the bones
we're the Rockabilly Bones shakin' all night long

ain't goin' down until the sun comes up
