Antonella, mia bella, join me under my umbrella, baby please  
Antonella, mia bella, join me under my umbrella, baby please  
The rain is fallin' on the street, while we are strollin' cheek to cheek,  
Antonella, join me under my umbrella, baby please

The rain is fallin' to the ground, but I don't really care  
I love you and I tell you, that I do, I do, I do

Antonella, mia bella, join me under my umbrella, baby please

Raindrops turn to heavy rain, but I don't really care  
I love you and I tell you, that I do, I do, I do
