

Rock me baby Sandro Valente, The Rockabilly Bones

Saw that girl with high heels on
I went up to the danger zone
She moved her body shook her hips
A smile was on her ruby lips

Squeeze me baby, hold me tight
Kiss me babe and I'm all right.....

Rock me baby rock me!
Rock me baby rock me!
Rock me baby rock me!
Rock me baby rock me!
Rock me baby rock me!
Rock me! rock me! rock me!

The stockings on her legs so fine
Her body's moving next to mine
My blood was running hot and wild
She flashed a glance and then she smiled.

Squeeze me baby, hold me tight
Kiss me babe and I'm all right

Rock me baby rock me!
Rock me baby rock me!
Rock me baby rock me!
Rock me baby rock me!
Rock me baby rock me!
Rock me! rock me! rock me!

All I wanna do is make love to you
I know you really want it too
Tonight we're gonna have real fun
I know our passion's just begun

Squeeze me baby, hold me tight
Kiss me babe and I'm all right

Rock me baby rock me!
Rock me baby rock me!
Rock me baby rock me!
Rock me baby rock me!
Rock me baby rock me!
Rock me! rock me! rock me!
